Stay in the know and improve your commute during construction

ShiftSanDiego.com will help you navigate through construction areas and provide access to transportation choices.

- Get up-to-date construction information
- Find transportation solutions on-the-go
- Plan your trip with custom trip planning tools

Your life just got a little easier.

Shift is a partnership between the San Diego Association of Governments (SANDAG) and the California Department of Transportation (Caltrans) to help you make informed travel choices and get through construction areas.

I-5/Genesee Avenue Interchange Project

Project Overview

Construction of the Interstate 5 (I-5)/Genesee Avenue interchange began late February and is anticipated to take approximately three years to complete.

The project will replace the existing six-lane Genesee Avenue overpass with a ten-lane bridge. Along with the replacement of the overcrossing, the project will also widen the freeway access ramps, add an auxiliary lane in the northbound direction on I-5 between Genesee Avenue and Roselle Street, and construct a new, separated bike path that connects the Sorrento Valley COASTER station to UC San Diego.

Motorists can expect intermittent traffic delays, noise, dust and heavy equipment near the project area. Construction crews will work to minimize impacts to nearby businesses, residents, and commuters. We appreciate your patience during construction. Travelers are encouraged to give themselves more time and anticipate possible traffic delays.

 **Motorists are urged to slow down during construction. Not only is it required by law, but it helps save lives.**
